

RFID On Metal Tag

RFID On Metal Tag is designed for industrial applications on metal, The inner anti-metal layer stopped the interference of the metal. The tag is fixed by screw, it is very steady in industrial environment. To handle very harsh outdoor environment, the tag is filed with epoxy, so it is completely resist water and dust.

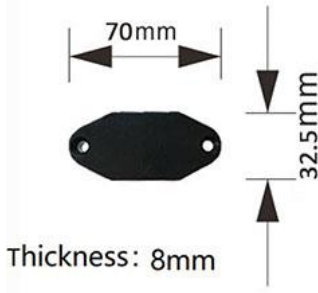

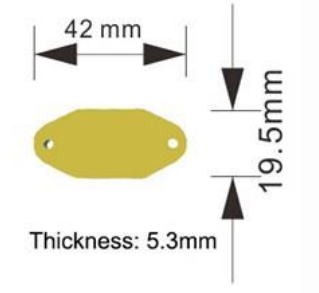

Application:

- Supply Chain Management
- Process Control & Factory Automation
- Production Management
- Machine Identification
- Inventory Control
- Patrol System

Specification:

Item:	 <p style="text-align: center;">MT01</p>	 <p style="text-align: center;">MT02</p>
Dimension(mm):	70 x 32.5 x 8	42 x 19.5 x 5.3
Material:	Nylon + Epoxy Filling	ABS
Color:	Black or customized	Yellow or customized
IP Rating:	IP68	IP67
Frequency:	LF / HF	
Resistance:	Harsh out door environment, Water/dust proof	
Craft:	Laser engrave logo or number; Variable data process.	
Installation:	Screw Fixing	
Operating / Storage Temp.:	-40 ~ 70°C / -40 ~ 104°C
